## Intermountain Healthcare

### Introduction:

**Intermountain Healthcare** – Intermountain Healthcare is a physician run organization with local groups of Primary Care, Specialty, and Ancillary providers. Intermountain Healthcare goal is to maintain a provider contracted delivery system where Intermountain Healthcare accepts financial responsibility for the delivery of all professional medical services for enrollees covered under local HMOs, Health Insurance companies or Self-insured groups

**Intermountain Healthcare** – Intermountain Healthcare also provides medical management and network management services through it's company, HCP IPA Nevada, LLC is a third party administrator licensed by the State of Nevada. HCP IPA Nevada, LLC offers the following services to local HMOs, Health Insurers and/or Self-Insured companies: (1) claims adjudication, (2) medical management including, but not limited to, case management, utilization review, prior authorization review, & high-risk case management, and (3) standard utilization reporting.

Your participation and cooperation with Intermountain Healthcare is greatly appreciated.

**Disclaimer:** This network directory is updated on a monthly basis and changes are communicated to UnitedHealthcare. There is a 45-day minimum lag in the payer's system reflecting the changes so their team may not yet have up to date network information.

## DIRECT REFERRALS

### The Referral Process

1. Direct referrals should be entered into the automated referral system as a **ROUTINE** request. The automated referral system should only serve as a communication tool between the specialist and the PCP and should not result in any patient care delay. If you do not have access to the automated referral system, please fax the information directly to the specialist or contact your network specialist to setup an account in the automated referral system.
2. Providers should not refuse to see a member for a direct referral visit without an authorization number. Direct referrals do not require an authorization and an authorization number is not necessary to see a member. If you need more information on the referral, please work with the PCP's office to ensure that all records that you need are forwarded to you.
3. **Referrals maybe initiated by the PCP.** Referrals will be good for one-year and may authorize 12 visits or more within the one-year period depending on the member's condition.
4. **Referrals may alternately be initiated by the treating specialist.** Specialist to Specialist referrals must be for 1 consult visit only and are good for a 180 day period.
5. Member self-referrals do not require a written referral or an entry in the automated referral system.
