Your VIP Medicare Checklist

Getting the VIP care you deserve — and maximizing your Medicare benefits — is easier when you plan ahead. This simple checklist will help you prepare for enrollment. Check (✓) each box as you go through the list. Like this checklist? Visit [myGenExperts.com](https://www.myGenExperts.com) for more resources and information.

9+ MONTHS BEFORE 65

- Review your Social Security statement to be sure that all your information is correct. The wrong information, especially about income, could affect your benefits.
- Talk with the HR department at your current (or former) job about claiming retiree benefits. Meet with a financial advisor to go over your pension or 401(k) plan.
- Visit [myGenExperts.com](https://www.myGenExperts.com) to learn more about the advantages of myGeneration Clinics from Intermountain Healthcare — providing specialized care exclusively for people on Medicare.

8-6 MONTHS BEFORE 65

- Take a little time to understand Medicare: what it covers; Parts A, B, C and D; and eligibility time frames. [myGenExperts.com](https://www.myGenExperts.com) has resources that can help.
- If you haven't done so, attend an online **Medicare 101 Webinar**. Register today at [myGenExperts.com](https://www.myGenExperts.com) where you'll find convenient dates and times.

5-4 MONTHS BEFORE 65

- Confirm your eligibility for Medicare benefits by contacting the Social Security Administration at [ssa.gov](https://www.ssa.gov) or 1-800-772-1213 (TTY: 1-800-325-0778).
- Call **702-660-0158** to talk with a myGeneration representative. We'll find a provider close to you, and connect you to a licensed Medicare agent to help pick the right plan for you.

3-0 MONTHS BEFORE 65

- Enroll in Medicare Parts A and B by contacting the Social Security Administration at [ssa.gov](https://www.ssa.gov) or 1-800-772-1213 (TTY: 1-800-325-0778). Then pick a Medicare Advantage plan with access to myGeneration Clinics.
- Become a myGeneration patient!** Start enjoying VIP primary care **up to 3 months before** you turn 65. Call **702-660-0158** to schedule your first appointment and be sure you're getting the best care when you're on Medicare.

There are 3 kinds of Medicare coverage — the costs and benefits are very different.

OPTION 1: Medicare Advantage plans

The popular **Medicare Advantage (Medicare Part C)** is an all-in-one, private insurance solution offering affordable monthly premiums. You'll still have all the benefits of Original Medicare, plus coverage to fill the gaps and **prescription drug benefits**. Many Medicare Advantage plans also include additional benefits — like dental, vision, hearing, transportation, even fitness.

THE BEST NEWS:

With a Medicare Advantage plan from **SelectHealth, Humana** or **UnitedHealthcare** you get access to exclusive VIP care and services only found at myGeneration Clinics — for as low as \$0 a month!

OPTION 2: Original Medicare (from the federal government)

Medicare Part A helps cover inpatient hospital and nursing home care, home healthcare, skilled nursing facility care and hospice. **Medicare Part B** helps pay the cost of healthcare providers, medically necessary services and supplies and durable medical equipment. Medicare charges a monthly premium for Part B, and **you'll have deductibles and coinsurance costs** to cover.

OPTION 3: Medicare Supplement plans

Medicare Supplement (or MediGap) plans were designed to help cover the gaps in Original Medicare, and offer some added benefits. **But they still do NOT cover all your care**, including prescription drugs and a number of common health services. The cost is typically higher than Original Medicare or Medicare Advantage.

One Medicare option has more advantages for YOU.

When it comes to quality care and convenience, a Medicare Advantage plan is a smart choice. It's easy to see how your options stack up below.

What's Covered	Medicare Advantage	Medicare Supplement	Original Medicare
 myGeneration Primary Care	YES	NO	NO
 Prescriptions	YES	NO	NO
 Vision, Dental, Rides & More	YES	NO	NO
 Gap Coverage	YES		NO
 Medical	YES	Covered by Original Medicare	
 Hospital	YES	Covered by Original Medicare	

Considering Original Medicare or a supplement plan? Here are 3 facts you need to know:

FACT:

The right Medicare Advantage plan gives you access to myGeneration Clinics — at no extra cost.

myGeneration Clinics are exclusively for people with Medicare Advantage plans from **SelectHealth**, **Humana** and **UnitedHealthcare**. We'll help you maximize your Medicare benefits with a range of primary care services — from annual wellness checks to urgent care, diagnostic testing to immunizations, laboratory services and more. Count on us to focus on your needs, so you get the best care.

FACT:

Original Medicare alone leaves you with unexpected costs.

In fact, Original Medicare alone leaves you to cover 20% of your costs. If that doesn't seem like a lot, **consider what 20% of a hospital stay could be** — possibly thousands of dollars. And, you never know what those final costs will be, so an unexpected medical bill could seriously drain your savings.

FACT:

Prescription drugs — and many other extra benefits — aren't covered by Original Medicare or most Medicare Supplement plans.

That means **you're paying out of pocket** for the prescriptions that you rely on most. You could pay separately for a prescription plan, but that's more money every month. An all-in-one Medicare Advantage plan is a better way to go.

Frequently Asked Questions

? How do I become a myGeneration Clinics patient?

It's easy! Call us today at 702-660-0158 and we'll get you started by helping you choose a doctor near you. Then we'll put you in touch with a licensed Medicare insurance agent to help you pick the right Medicare Advantage plan for your needs. Remember, you can sign up **three months before** your birthday month!

? How do I choose the best Medicare plan for me?

Look for a plan that meets ALL of your needs. Over 24 million Americans prefer Medicare Advantage (MA) plans because they offer comprehensive coverage, including Rx benefits, for low to no monthly premiums.* If you're in southern Nevada, SelectHealth, Humana and UnitedHealthcare MA plans also give you access to exclusive, Medicare-focused healthcare from myGeneration Clinics.

? How is a Medicare Advantage plan different from a Medicare Supplement plan?

A Medicare Supplement plan can help you cover the costs that Original Medicare doesn't, but the monthly premiums can be quite expensive — and it won't include prescription drug benefits. A Medicare Advantage plan, on the other hand, offers you an affordable, all-in-one solution that helps protect your health as well as your wallet.

? Do Medicare Advantage plans cover testing AND treatment costs related to COVID-19?

Yes! In 2020, many MA plans nationwide changed their benefits to cover 100% of the costs associated with the COVID-19 virus, including testing, diagnosis, treatment and recovery. And now vaccinations are covered.

? How do I sign up for Medicare?

If you're already receiving Social Security benefits, you'll be automatically enrolled. If not, you'll need to sign up for Medicare yourself through the Social Security Administration.

- **Enroll by phone or online:** Call 1-800-772-1213 (TTY: 1-800-325-0778). Or, visit ssa.gov
- **Enroll in person:** Visit your local Social Security office. Bring an original or certified copy of your birth certificate, two years of W-2 forms and your Social Security number.

3 must-do's before you enroll in a Medicare plan.

- Consider the importance of having a doctor who excels at caring for people on Medicare — and selecting a plan that gives you that level of care.
- Think about the total cost of your healthcare, including prescription drugs, transportation and lab services. Relying on Original Medicare or a supplement plan could cost you a lot more compared to the all-in-one coverage of a Medicare Advantage plan.
- Do you have someone you trust to help you choose a plan that's best for you? Call **702-660-0158** and we'll connect you to a licensed Medicare agent who can guide you and help you enroll three months before you turn 65.

Call today — and lock in exclusive, personalized care up to three months before you turn 65.
