Dear Valued Sales Agent,

We appreciate your continued commitment to support your clients and the Southern Nevada community. As we approach our busiest time of year during Medicare's Annual Enrollment Period, our team is here to help make your job easier.

We have taken great pride in the meaningful impacts we are making in Southern Nevada and are very proud to have been awarded Gold winner for "Senior Focused Healthcare" in Las Vegas Review-Journal's 2022 Best of Las Vegas contest. We expanded our footprint by establishing 5 new clinics in Southern Nevada and relocated our Nellis myGeneration Clinic to a larger facility. We are also adding more specialists, including rheumatology, Congestive Heart Failure (CHF) program, additional COPD resources, a diabetologist, and a physical therapist to our Henderson location. This year we extended our InstaCare reach through mobile services, currently supporting our Nellis, Boulder Crossing, Burnham Springs, Desert Heights, Maryland Parkway and Valley myGeneration Clinics. These are just a few examples of the work we're leading to support our mission of Helping People Live the Healthiest Lives Possible.®

The information within the toolkit was created in collaboration with our sales agents and brokers to ensure you have what you need as you meet with your clients. Although this toolkit is accurate as of August 2023, please visit our Broker Resource Center ([myGenBroker.com](https://myGenBroker.com)) for the most up to date information. Additionally, while on that page don't forget to sign up for our biweekly newsletter, filled with the latest information about Intermountain Health. As you prepare for this AEP, please don't hesitate to contact our broker relations team to help resolve any issues that may arise when helping your clients become Intermountain Health patients. We're committed to making sure you have an excellent experience working with our organization. Thank you for your continued dedication to our community and helping your clients navigate their healthcare options.

In health,

## Scheduling New Patient Appointments during AEP

We encourage all agents to help their clients schedule their new patient appointment at the time of enrollment. Our local Patient Services Team is prepared to schedule these appointments without a member ID number or insurance card. Please ask the representative to simply enter zeros into that field and encourage your client to call back when they receive their insurance card to provide the member ID.

## Broker Resource Center

Our team values your commitment to helping your clients and our patients take control of their healthcare. We understand the importance of the work you do to help your clients navigate the healthcare industry and select the best Medicare Advantage plan and provider network to support their healthcare needs. Our Broker Resource Center, available at [myGenBroker.com](https://myGenBroker.com), offers various resources to educate your clients about Intermountain Health, our providers, our locations, and our services.

## Broker Relations Team

Your dedicated Broker Relations Team is available year-round to support our brokers with any barriers to care you may run into. We can help answer questions about our network, our myGeneration Clinics, help address access concerns at our locations or troubleshoot a variety of issues you or your clients may encounter. Please don't hesitate to save our information and reach out for support; we're here to help!

When you choose our award-winning myGeneration Clinics, you get a team that specializes in every aspect of your care and a complete suite of personal services to help you stay healthy.

Voted best senior-focused healthcare

## Prompt appointments for new and current patients.

If you're new to Intermountain, you can expect to see a provider promptly to get your care going. And if you're a current patient, scheduling your appointment will be as easy as ever.

## Same day care for urgent health concerns.

We're here for you day and night with many ways to help. Start feeling better, faster, with priority access to your care team through an after-hours nurse answering service and virtual, in-person, and in-home care.

## Twice the average time with your doctor and care team.

You'll have the opportunity to build a relationship with your care team, talk about your health, get answers to your questions, and understand the steps you can take to reach your health goals.

## Better access to specialists.

Access over 1,500 specialists through your primary care provider, including Intermountain staff experts to help you manage common conditions such as diabetes, COPD, and heart disease. Our dedicated referrals team works with your insurance plan to process paperwork and provide status updates.

## Helpful care managers and health coaches.

From regular screening reminders to health education and insurance questions, these healthcare advocates help you navigate the complex healthcare system.

## A whole care team looking out for the "whole you".

Your primary care doctor leads your team of nurses, specialists, hospital providers, and more. Your Nurse Care Manager provides personal attention and guidance — explaining health conditions and treatment plans, reminding you about preventive screenings and exams, and giving guidance and support along the way.

## Making it easier to get the care you need.

Have a non-urgent health issue or need a follow-up visit? Get access to expert, specialized care from the comfort of your own home – including remote symptom monitoring for eligible patients with a medical necessity. Your care team can even help coordinate transportation for medical needs, such as medical appointments, dialysis treatments, pharmacy visits, and more.\*\*

\*\* Transportation and nutrition benefits are not included with all plans. Please check with your plan for more information on details of your benefits coverage.

## Primary Care

- Screenings for common health problems
- Vaccines and immunizations
- Managing chronic conditions
- Treating minor illnesses and injuries

### Chronic disease management:

- Asthma
- Diabetes
- High cholesterol
- Hypertension
- Headaches
- Digestive conditions

Best men's health

## InstaCare

### Get in. Get out. Get better.

When you need quick care in non-emergency situations, InstaCare urgent care clinics are a great first stop. Our InstaCare locations are certified by the Urgent Care Association (UCA) for meeting nationally standardized criteria for patient access and treatment.

Your visit will often take 60 minutes or less, providing you access to expert care that meets your needs while avoiding long wait times and costly visit fees at the ER.

### Our InstaCare teams treat urgent but non-life-threatening conditions for patients of all ages, including:

- Urinary tract infection
- Flu and common cold
- Dizziness and giddiness
- Headache
- Nausea and vomiting
- Diarrhea and dehydration
- Sinus infection
- Back pain
- Strains and sprains
- Broken bones
- Lacerations

Best urgent care/

## Pediatrics

**Kid-friendly care for every milestone.**

From keeping them healthy through regular wellness checks to managing those early morning fevers, your commitment deserves an equally important one from your provider. That's why we ensure quick, convenient care for your little ones through extended appointment availability, short notice scheduling, and several easily accessible locations throughout Southern Nevada.

### Services we offer:

- Baby basics classes
- Newborn circumcisions
- Newborn visits
- Immunizations and injections
- ADHD/ADD management
- Minor lacerations
- Wellness visits
- Sports physicals

## Women's Health

**Specialized care for every woman.**

Our caring, dedicated team of health professionals is committed to delivering comprehensive care to women of all ages and from all walks of life. We put your concerns first because we know that good medicine begins with good listening. Combined with expert knowledge and cutting-edge technology, you'll find that our practice is a unique fusion of science and heart.

### Services we offer:

- Obstetrical care
- Comprehensive gynecological care
- Multilingual care teams

Best women's clinic

## Cardiology

**Patient care with heart.**

We know that few things are as important as your heart health, and our goal is to provide the most thorough, compassionate care available to help you protect it. Our award-winning team focuses on prompt diagnosis, treatment, and management of heart issues, including interventional technologies such as cardiac stent procedures and pacemaker implantation.

### Services we offer:

- Abdominal aortic aneurysm repair
- Atrial fibrillation
- Cardiovascular disease management
- Carotid ultrasonography
- Coronary angioplasty/stenting
- Echocardiography
- Heart failure program
- Pacemakers/ICDs
- Peripheral artery disease management
- Rhythm management
- Transcatheter aortic valve replacement (TAVR)
- Women's cardiovascular disease management

## Endocrinology

**Expert care for endocrine and metabolic needs.**

Understanding what it takes to maintain metabolic balance is the key to managing chronic conditions such as diabetes, thyroid issues, cholesterol problems, osteoporosis, endocrine disorders and metabolic disorders.

Count on our experienced team of endocrinologists to diagnose your condition and create personalized treatment plans. You'll receive comprehensive education and support along the way to help you attain – and sustain – a healthier lifestyle.

### Services we offer:

- Endocrine and metabolic disorder treatment
- Certified diabetes education
- Diabetes treatment
- Thyroid disorder treatment
- Osteoporosis treatment
- In-clinic infusions

## Hematology/Oncology

**Customized, compassionate care.**

Quality treatment for blood disorders and genetic disease requires cutting edge medicine and care-oriented professionals. Our hematology and oncology physicians make both a top priority to deliver compassionate patient care supported by innovative and effective treatment options.

### Services we offer:

- Clinical hematology
- Medical oncology
- Chemotherapy
- Immunotherapy
- On-site laboratory services
- On-site PET/CT scanning
- Physician dispensing pharmacy services

## Behavioral Health Treatment

**Integrated care for body and mind.**

Mind and body go hand in hand. Mental health has a big effect on physical health — and vice versa. Mental Health Integration (MHI) is an approach to healthcare that focuses on both.

You know the team. Your provider — who knows you, your family, and all your healthcare issues — leads the team to coordinate and direct mental health services. Your provider will invite other caregivers to join the team as needed. The team knows you. They respect you, listen to you, and communicate well to help you improve your whole health.

Feel the difference. Mental health is a fundamental aspect of your well-being that deserves attention and care just as much as your physical body. The goal of integrating mental health services with your primary care is to help heal this core component of your health so you can focus on living your healthiest life.

## COPD Program

**Complete respiratory care & treatment.**

The Intermountain Healthcare COPD program is a specialty service for patients with chronic obstructive pulmonary disease (COPD). The program provides comprehensive treatment and disease education so you can live your best life while managing your condition.

### Services we offer:

- COPD evaluation & treatment plan
- Education to help you manage your condition at home
- Tips & tricks to use your medications
- Personalized support & symptom monitoring
- Care coordination during and after hospitalization

## House Calls

**We'll be there for you.**

If you are unwell and unable to travel to your myGeneration Clinic to receive care, your provider may refer you to our House Calls service.

### How does the House Calls service work?

1. If your provider refers you to our House Calls service, a member of the House Calls team will call you within two business days to schedule your first in-home appointment.
2. A dedicated nurse practitioner will learn your medical history, lifestyle, goals, and care plan, and lead your in-home care in close coordination with your primary care provider. Other specialists will be added to your care team as needed.
3. In-home visits will be conducted at a rate determined by you and your provider in order to maximize your health, while maintaining your privacy and safety.
4. When you are healthy enough to do so, you will return to your primary care provider for regular clinic visits.

## Physical Medicine

To keep you whole and healthy.

If you have a condition that affects your musculoskeletal system, such as a bone or muscle disorder, your primary care provider (PCP) may refer you to the Intermountain physical medicine team for evaluation, diagnosis, therapy, and treatment. The physical medicine team focuses on life improvement by means of exercise and self-care whenever possible to help you recover strength and the ability to move your muscles and joints.

### Conditions we treat:

- Muscle, tendon and ligament injuries
- Acute or chronic sports injuries
- Joint instabilities
- Rotator cuff tears
- Minor fractures and dislocations
- Plantar fasciitis
- Joint arthritis
- Tennis/golfer's elbow

## Care Management

Complete care coordination & support.

Care management is a vital part of the healthcare delivery system, with the goal of promoting quality, cost-effective outcomes. It's a collaborative process of assessment, planning, facilitation, care coordination, evaluation, and advocacy for options and services to meet the medical, behavioral, and social needs of patients and their families.

### Conditions we treat:

- Care coordination
- Disease management
- Complex care management
- Transition of care
- Social work services
- Coordination of behavioral health, hospice, home health, and vendor/community services

## Achieve your personal health goals

Choose from 40+ health education classes and support groups that address chronic conditions, preventive care education, teach basic skills, and offer peer support to help you reach your full health potential. Classes are held virtually and in-person at select Intermountain clinics year-round.

**Ask a member of your care team for a class catalog or contact the Community Health Education team: 702-479-2270 or [MyHealthEd@imail.org](mailto:MyHealthEd@imail.org)**

## Giving back to our community

Our commitment to improving the health and well-being of our community extends far beyond our exam rooms.

We support local not-for-profit agencies that provide essential community health services through corporate giving initiatives, and our caregivers volunteer hundreds of service hours each year at organizations such as Three Square, Project 150, SafeNest, and Ronald McDonald House, to name a few.

## Round-the-clock support from your Patient Services Center

We know health concerns don't keep normal business hours, so we're here to help with anything you need 24 hours a day, 365 days a year. Call your clinic and a helpful Intermountain Caregiver can:

- Answer your questions and address urgent needs with the help of a licensed, registered nurse
- Prescribe emergency maintenance medication refills (in some cases)
- Locate the nearest urgent care clinic
- Provide virtual or in-home appointments to get you the care you need without a costly visit to the ER
- Request a call back from a member of your care team
- Schedule, reschedule, or cancel your appointments
- Check on the status of your referrals
- Get lab results if your provider has already reviewed them

**Here for you 24/7.**  
**Call your clinic anytime for help with your healthcare.**

### **Our Patient Experience Team is listening**

Staying healthy is easier when there's a team ready to help you with anything healthcare-related. Help us continue providing the best care — please let us know your thoughts by providing feedback.

## When you aren't feeling well, call the team you trust

When you're sick, not feeling well, or have a medication question, reach out to the care team that knows you, your history, and your preferences. Call your clinic day or night, and we'll make every effort to get you a same-day appointment, connect you with our nurse hotline, coordinate telehealth or in-home care, or help locate your nearest urgent care clinic.

### **Your care team can treat many common conditions and symptoms, including (but not limited to):**

- Flu and common cold
- Suspected COVID-19
- Urinary tract infection
- Sinus infection
- Back pain
- Nausea or vomiting
- Diarrhea or dehydration
- Strains and sprains
- Headache or dizziness
- Blood pressure concerns
- Medication questions

**For a life-threatening emergency, call 9-1-1.**
