Live your healthiest life, your way

Our award-winning myGeneration Clinics are here to help

Prompt appointments for new and current patients

If you're new to Intermountain Health, you can expect to see a provider promptly to get your care going. And if you're a current patient, scheduling your appointment will be as easy as ever.

Same day care for urgent health concerns

Start feeling better, faster, with priority access to your care team, virtual, in-person, and in-home care options (based on medical need) and a 24-hour medical helpline.

Twice the average time with your doctor and care team

You'll have the opportunity to build a relationship with your care team, talk about your health, get answers to your questions, and understand the steps you can take to reach your health goals.

Helpful care managers and health coaches

From regular screening reminders to health education and insurance questions, these healthcare advocates help you navigate the complex healthcare system.

Better access to specialists

Access over 1,500 specialists through your primary care provider, including Intermountain staff experts to help you manage common conditions such as diabetes, COPD, and heart disease.

Making healthcare easier for you

Have a non-urgent health issue or need a follow-up visit? Get access to expert, specialized care from the comfort of your own home – including remote symptom monitoring for eligible patients with a medical necessity. Your care team can even help coordinate transportation for medical needs, such as medical appointments, dialysis treatments, pharmacy visits, and more.**

Voted best senior-focused healthcare
